Resources for Tactile Drawing and Art

Books

Drawing with Your Perkins Brailer

- Kim Charlson
- Perkins School for the Blind
- Instructions for creating 36 different braille pictures. Includes examples of the finished drawings.

Art Beyond Sight

- Edited by Elisabeth Salzhauer Axel and Nina Sobol Levent
- American Foundation for the Blind
- Thick book with extensive sections on theory and research, adaptations for art appreciation and strategies for effective art techniques for persons who are blind or visually impaired.

Tactile Graphics

- Polly K. Edman
- American Foundation for the Blind
- Extensive information regarding materials and techniques for creating various types of tactile graphics, including pictures.

Drawing and the Blind

- John M. Kennedy
- Yale University Press
- Scholarly work that compares and contrasts visual and tactile perception and how these are expressed through the medium of drawing.

Learn to Draw, Draw to Learn (in development)

- Mike Coleman
- intact
- Book of lessons that specifically address learning to create images using a tactile drawing board.

Time for Art

- Gail Cawley Showalter
- American Printing House for the Blind
- Variety of art projects adapted for students with visual impairments. Geared toward the elementary level.

Online

So What About Drawing?

- Marie Porter
- The Guild for the Blind
- <http://www.ssc.education.ed.ac.uk/courses/vi&multi/MariePorter.pdf>
- Instructions for creating a large variety of drawings using the Perkins Braille.

Simple Drawings with Your Perkins Braille

- Adam Palmer
- Blind How
- <http://blindhow.com/posts/366#content>
- Instructions for drawing with the braille.

Braille Drawings

- Perkins School for the Blind
- <http://www.perkins.org/library/for-kids/braille-drawings>
- Small number of instructions for drawing with the braille. Seems this was intended to be an ongoing project with people submitting ideas but did not result in a great number of entries.

Guidelines and Standards for Tactile Graphics

- Braille Authority of North America
- <http://www.brailleauthority.org/tg/>
- Overview of tactile graphics standards. This can be helpful not only in creating graphics but in considering how to teach production of graphics.
