

THE CVI CENTER
Perkins School for the Blind™

CVI Educator Hub

Together, our work can improve outcomes for students with CVI.

We know how hard you work, the systemic realities you navigate, and how much you want to serve and empower your students with CVI. We've got you!

Join our growing community to learn and network. The CVI Center offers:

- Virtual discussions & webinars (recordings available!)
- Online educator community
- Resources across disciplines
- Tools, guides, & courses
- In-person workshops

The Perkins CVI ProtocolSM

A science-backed and inclusive evaluation tool designed to help educators create a robust, individualized CVI report with recommendations for students with CVI.

CVI Interventions Library

A virtual guide to help select and implement intervention strategies for the diverse population of students with CVI.

Perkins Academy

Learn about the impact of CVI and how to use The ProtocolSM to assess students, and equip yourself with intervention strategies and instructional planning practices.
